Imports of Gold and Some Replacing of Holdings Sold Months Ago Cause Strong Market

SHARP GAINS PARTIALLY LOST IN THE EARLY AFTERNOON. MARKET GOSSIP.

NEW YORK, July 7.—There was a change in \$\frac{1}{2}\$ general character of the early trading on Wali Street. This time there was the usual slight drop immediately following the opening, and the demands for interest was the usual slight drop immediately following the opening, and the demands by conductors and freight again to say the least.

Eventually brought about an averase advance of 1 point in the active leaders. Is in Reading and \$\frac{1}{2}\$ in the rest of the list almost without exception.

There were evidences that some of the banking interests were buying stocks, and the short interest, bulky and nervous noted the indications and aided the advance by covering.

The reports indicated that gold imports or points of gold.

The reports indicated that gold imports were probable, in addition to the \$1,750,000\$ engaged yesterday. The anticipated decline in the Bank of England rate of discount was stopped by the imports of gold.

Crop reports were greatly at variance. So, too, were the advices sent out by commission houses, despite the fact that many reports of buying back of stocks by big traders who sold out weeks ago were circulated.

POINT BREAK IN LOCAL GAS STOCK FEATURE OF THE MARKET. BONDS STEADY.

Washington Gas was decidedly weak in the plans for the distribution of Washington Gas was decidedly weak on the local exchange. More stock good things. There are those who consold than at any time for several weeks past. It was generally supposed that the Gas shares "were in a barrel and the head nailed down." The initial sales were at 76, and after two transactions there was a drop to 75% and later to 75, with the official closing 75 bid and 75% asked. In all 275 shares changed hands, the inside price being 2 points lower than the ruling prices of Tuesday. Just why it should be so weak is not known—for the Street has no information that there is to be any hitch dated 5's 10401014.
